iD Tech needs your help to inspire more young women to enter the tech industry and make their voices and ideas heard.

iD Tech is determined to help reshape the face of the tech industry by providing inspiring, confidence-boosting opportunities for girls in STEM. We offer co-ed summer programs for ages 6-18 as well as a new all-girls option (Alexa Café for ages 10-15). At Alexa Café, we also emphasize tech, leadership, and philanthropy, showing girls how tech can be used to make a positive difference in the world.
