Computer Science Adjunct Faculty Position for Operating Systems

Connecticut College is seeking a visiting professor (rank open) of computer science to teach one section of Operating Systems (COM326) for the spring semester of 2013 (22 Jan – 10 May). Applicants must have a Masters or equivalent in Computer Science or related field. The catalog course description of COM326:

COMPUTER SCIENCE 326 OPERATING SYSTEMS An introduction to computer operating systems. The primary functions of an operating system, such as process management, memory management, and device management, will be covered. Other relevant issues, such as security, networking, and distributed systems, will be discussed.

Prerequisites: COM 212 Data Structures and COM 219 Computer Organization.

Connecticut College is a private, highly selective institution with a demonstrated commitment to outstanding faculty teaching and research. Recognizing that intellectual vitality and diversity are inseparable, the College has embarked on a significantly successful initiative to diversify its faculty, student body and curriculum. The College seeks creative scholars excited about working in a liberal arts setting, with its strong focus on engaged teaching, participation in shared governance, and active involvement in an institution-wide advancement of diversity.

We value the contributions visitors bring to our community and encourage their active engagement with their departments and all aspects of campus life during the course of their appointment. The presence of visiting faculty members is welcome at all faculty meetings.

Applications will be considered upon receipt; the search will remain open until the position is filled. Candidates should send (email preferred) a current vita and a list of three to four references to parker@conncoll.edu or mail to:

Dr. Gary Parker
Computer Science
Connecticut College
New London, CT 06320
